WORK EXPERIENCE

Software Developer Internship

The Smalls

mar. 2018 - aug. 2018

Developed a number of Windows-based applications using C#, .NET and a couple of web applications using HTML/(S)CSS and JavaScript. Also, I was responsible for the maintenance and development of WordPress themes and plugins.

Software Developer

Blockachain

sep. 2019 - dec. 2019

Involved in the development process of various web applications for European projects. Used innovating technologies and Agile software development methodology.

Software Developer

Athens Technology Center

dec. 2019 - present

Involved in the development process of various web applications for European projects. Using innovating technologies and Agile software development methodology.

EDUCATION

Diploma in Automotive Engineering

2010 - 2013

1st Vocational Senior High School

Learned how to design and build the mechanical systems of cars. Received theoretical knowledge as well as laboratory work in electrical and mechanical engineering.

B.Sc in Computer Science and Engineering

sep. 2014 - jul. 2019

University of Thessaly (prev. TEI of Thessaly)

Learned how to articulate ideas, fell in love with learning, participated in meetups for various topics (web dev, operating systems), developed a number of applications and discovered a passion for the arts.
